

# R&D Scientist

Beverly, MA | Location

Send your resume to [careers@seqwell.com](mailto:careers@seqwell.com)

## Join the seqWell journey!

Our mission at seqWell is simple. We strive to unlock the full potential of modern NGS instrumentation through transformative library prep technologies, including plexWell™ and purePlex™. Our workflow enables scalable multiplexing with fewer steps and cost-consuming normalization to achieve greater efficiency, cost savings, and minimize time to results. We are a fast-moving, innovative company focused on customers while providing a fulfilling work environment for our team members.

## What we are looking for:

seqWell is seeking a talented molecular biologist to join our team to help us create the next generation of DNA library prep tools and products. As we grow and expand our R&D team in our Beverly, MA facility, we are seeking a Scientist with expertise in NGS assay and product development. This position provides a wonderful opportunity to work with a growing team with significant potential for personal and professional development. The ideal candidate will have experience in optimization or development of library preparation methods and will be highly organized with an eye for detail and have excellent communication skills.

## How you will contribute:

- Generating diverse types of NGS libraries for DNA sequencing
- Planning and executing research and developing new reagent-based tools and products
- Reporting and documenting results and progress to colleagues and clients

## What you will bring:

- Masters or PhD in a relevant scientific field, or B.S. with industry experience
- Minimum 3+ years of experience with Next-Generation Sequencing

## Desired skills:

- Expertise with NGS library preparation and familiarity with bioinformatic analysis
- Extensive experience with experimental design and execution using cutting-edge molecular biology techniques
- Ability to critically evaluate and interpret results and articulate findings to cross-functional teams

Interested candidates should send their resume to: [careers@seqwell.com](mailto:careers@seqwell.com)
